

Technical Sales Consultant – Full Time Permanent

Job Reference: SCITSC2019

Job Title: Technical Sales Consultant

Location: North America

Salary: \$ Competitive dependent on experience

Benefits: Healthcare, 401k, Share eligibility, Bonus plan, 20 days annual leave

Hours: 40 hours per week (Monday – Friday)

Start Date: Immediate

The Company

SciBite Limited is a young, exciting company based in Cambridge, United Kingdom, that is transforming the way life science organisations handle text and documents. Over the past 2 years, SciBite has expanded rapidly, opening offices in both Boston, USA and Tokyo, Japan. Our semantic solutions understand the complexity and variability of content within Life Sciences yet are still simple to use. We can quickly identify and extract scientific terminology from unstructured text and transform it into valuable machine-readable data. Flexibility is key. Multiple deployment options from pre-built end-user applications through to 3rd party application integration mean that the value of our semantic technology reaches a much broader audience than ever before.

The Role

As part of the US Technical Sales team, the role of the Technical Sales Consultant is to work together with the Sales team to identify and qualify new and expand existing customer licenses. The Technical Sales Consultant will work to scope out clearly defined projects that demonstrate the capabilities of the SciBite Semantic Platform and ultimately convert into long-term commercial relationships. Key to the role will be the capacity to facilitate technical discussions and providing clear and concise product demonstrations to business and technical audiences.

- Working closely with the sales team to drive new business development opportunities and attending meetings as a technical expert
- Understanding customer use cases and how SciBite can address these
- Working with the UK-based project delivery team and US-based project management team to ensure post sales processes run smoothly and that customer requirements are met
- Liaise with customers to understand and capture project requirements
- Helping the sales team scope customer proposals with the sales team

Duties:

- Scope, draft, and manage customer engagements from pilot to ongoing licensing
 - Monitor and report on progress of existing commercial projects
-

- Deliver product demonstrations to prospective and existing customers
- Support at external and internal customer facing events
- Build technical relationship with prospects or existing customers
- Develop and maintain deep understanding of SciBite technologies, the latest industry trends and how these apply to various customer needs
- Active communication across the SciBite teams to ensure smooth customer/project management

Qualifications/Skills/Experience:

- Proven experience in and understanding of the Life Sciences / Bioinformatics and comfortable to discuss the various technologies and trends that are currently applied. Experience in text mining with NLP a plus
- Demonstrate a comprehensive understanding of the technologies/environments/vendors commonly used in the informatics industry
- Able to clearly articulate our capabilities to all levels of a customer organisation
- A good team player / self-starter with the ability to work using own initiative
- Experience of working under pressure and with minimum supervision
- Punctual with effective time management skills
- Can set priorities and be flexible in changing environment
- Ability to identify problems and apply creative solutions
- Excellent written, verbal, interpersonal, presentation and demonstration skills
- Previous knowledge of working within in a similar role and/or organisation
- Genuine interest in technology and the desire to continue learning to drive career development
- Bachelor's degree 3+ years of experience working with informatics software required

What We Offer:

A career at SciBite comes with the chance to help tackle real-world challenges of some of the biggest companies in biomedicine and beyond. Coupled with that comes competitive salary, a fantastic benefits package, share options and the chance to work in an environment that encourages innovation and personal development. Perhaps most importantly, working at SciBite offers a chance to enjoy working in a small, friendly team where what you contribute really makes a difference. Located in the heart of downtown Boston, we're easily accessible by public transit and surrounded by world class restaurants and attractions. If you're excited by innovation and want to join a company that's breaking new ground and growing quickly, please apply at careers@scibite.com quoting the position reference above.
